

PRODUCT INFORMATION

BORPower® NanoFuel ForOne Benzin System Cleaner

About the product

BORPower® NanoFuel ForOne is a nanotechnological fuel system cleaner that can be safely used in fuel tanks of all gasoline vehicles.

Borpower NanoFuel ForOne has a cleaning effect starting from the fuel tank up to the combustion chambers.

Your advantages

- Higher octane
- Higher power output
- Better handling
- Improves acceleration of the vehicle
- Proven catalyst
- Ideal lubrication of the injectors
- Prevents corrosion in the fuel system
- Reduces emissions
- Improved fuel atomisation

Application

Shake the bottle for at least 1 minute (the distribution of the nanocrystals). Please fill one bottle (200 ml) of the System Cleaner per 50 liters of fuel in the fuel tank.
